

We take you home

Leuengasse 38-48, Uitikon Waldegg

Projekt LEANDRO

You are thinking about buying a property. Zürcher Kantonalbank will be happy to help you realize your dream home.

In a unique residential location at Leuengasse 38-48 in Uitikon Waldegg, an oasis of well-being is being created with new, light-flooded 2.5 to 3.5 room apartments. Nature on the doorstep, the city close by.

The apartments will be certified with SNBS Gold (Swiss Sustainable Building Standard) and allow you to benefit from our attractive ZKB environmental loan.

Whether as a couple or a retirement community. The practical floor plans make various living concepts possible and offer plenty of space for individualists.

We know the property and will be happy to show you the relevant financing options in a personal meeting. You do not need to submit any property documents to us.

Get in touch with us. We look forward to meeting you.
